

SEQUENTIAL NUMBERED/VARIABLE DATA CHIPS

With sequential printing you have the option of having an alphanumeric sequence printed on the chips. Our full color chips use either decals that are printed on high quality vinyl and then laminated to protect the print. The chips have a recessed center to result in a flush surface once the decal goes on.

Setup Fees: \$50.00(V) per artwork + \$80(V) for sequential information

Lead Time: Up to 2 weeks for 100 - 2,000 units. 2,000+ please call

Rush Option: \$0.05(R) per chip, \$83.31(R) minimum, for 5 business day turn for up to 5,000 chips. 5,000+ call

Imprint Location/Sides: Both sides are printed. Sequential numbers will only be on one side of the chips.
